## **Outpost Chartering for 2009 – 2010**

Will be a major change. You may have seen the notice that Miles Brewer, our district charter coordinator, sent out. Chartering will now be done in the fall in conjunction with school years. It will also be done on-line directly with the national Royal Ranger office.

Beginning August 15<sup>th</sup>, but not before, outposts may go on-line through the official Royal Rangers website and follow the easy instructions to charter their outpost. Check out the **CHARTERING TUTORIAL** found on the website at

[www.royalrangers.ag.org](http://www.royalrangers.ag.org)

It's easy to follow - you have between August 15 and October 15 to charter. Follow instructions carefully. Pay by credit card – the amount in the instructions. Don't add on any amount for district fees. They are included. The fee increase allows discounts at district and national events as well as GPH.

NOTE: If you prefer not to pay on-line, follow the instructions for sending the application with a check, but this requires an extra \$15 fee for special handling. See the benefits of chartering on-line
